## Viewing cable 06SANJOSE1513, COUNTRY CLEARANCE FOR TONY CAMBAS

If you are new to these pages, please read an introduction on the [structure of a cable](#) as well as how to [discuss them](#) with others. See also the [FAQs](#)

### Understanding cables

Every cable message consists of three parts:

- The top box shows each cables unique reference number, when and by whom it originally was sent, and what its initial classification was.
- The middle box contains the header information that is associated with the cable. It includes information about the receiver(s) as well as a general subject.
- The bottom box presents the body of the cable. The opening can contain a more specific subject, references to other cables ([browse by origin](#) to find them) or additional comment. This is followed by the main contents of the cable: a summary, a collection of specific topics and a comment section.

To understand the justification used for the classification of each cable, please use this [WikiSource](#) article as reference.

### Discussing cables

If you find meaningful or important information in a cable, please link directly to its unique reference number. Linking to a specific paragraph in the body of a cable is also possible by copying the appropriate link (to be found at theparagraph symbol). Please mark messages for social networking services like Twitter with the hash tags **#cablegate** and a hash containing the reference ID e.g. **#06SANJOSE1513**.

SUBJECT: COUNTRY CLEARANCE FOR TONY CAMBAS

REF: SAN SALVADOR 01731

¶11. Embassy San Jose is pleased to grant country clearance to Tony Cambas from Booz Allen, Hamilton, Inc. who will be in Costa Rica from July 16-27, 2006. The purpose of this trip is to implement the second phase of the risk management training under FASTrade's CAFTA-DR Action Plan.

¶12. Control Officer: POC is Maria Villanueva, Economic Assistant, who can be reached at the office (506)519-2419 or fax (506)519-2364. The Embassy after-hours emergency phone number is (506)220-3127.

¶13. Upon arrival in country all TDY visitors are to make contact with their Embassy Control Officer for information regarding a security briefing.

¶14. Accommodations: Post understands hotel reservations have been made by traveler at the Real Inter Continental. The per diem rate for San Jose is \$104.00 for lodging, and \$67.00 M&IE. Hotels in San Jose require a minimum notice of 72 hours if canceling or changing reservations. Travelers must notify the Embassy 72 hours in advance if schedule changes. Hotels will assess a one-day charge if they do not receive advance notice of cancellation or changes. Prior to arrival in Costa Rica, travelers should provide the RSO office the hotel and/or phone numbers for point of contact, as this is required information for TDY registration and Emergency contact.

¶15. Transportation: The only taxis available at the airport are the Taxi Aeropuerto orange taxis found outside the arrival hall. Tickets for the orange taxis are sold at a ticket booth located immediately outside the arrival hall exit doors. Fares (payable in U.S. dollars or local currency) vary according to destination but the cost of a standard orange taxi ticket to the Embassy is \$14, to the Intercontinental Hotel is \$14 and to downtown San Jose is \$14. Vans are also available at increased cost. If you miss the ticket counter or otherwise need assistance with orange taxi service, the company has an individual posted curbside from where the orange taxis are dispatched. Taxi Aeropuerto also offers pick-up service and transportation to the airport for departing passengers. Reservations can be made 24 hours a day by phoning (506)221-6865.

Elsewhere in San Jose, official taxis are considered safe when using standard security precautions. Official taxis have a yellow triangle on the door, an identification number, a taxi light on the roof of the car, and generally have working meters. Ask if the meter is functioning before entering the cab. If the meter is not functioning, the cost of the fares should be negotiated prior to entering the cab. Official taxis are also easily obtainable from hotels.

Unofficial taxis come in all shapes and sizes and should be avoided.

¶16. Public Affairs: Please note that the Public Affairs Office is the Embassy's designated point of contact with the press. If visitors have been scheduled for press events by local partner organizations or others, please inform the Embassy's Public Affairs Office. Should visitors be approached by the press with questions or a request for an interview, they should refer the press to the Embassy Public Affairs Office. In short, post requests that visitors not speak with the press before consulting with the Public Affairs office (506)519-2441.

¶17. Travel documents/Threat assessment/Local conditions: All official visitors must travel with passports, preferably official or diplomatic. Without these documents, travelers lack official status in the eyes of the Costa Rican Government. However, no repeat no visa is necessary.

During this time of heightened security alerts, all travelers should consult the Department's website for the latest public announcement or other safety notices at [www.usembassy.or.cr](http://www.usembassy.or.cr) or [www.usembassy.or.cr/osac.html](http://www.usembassy.or.cr/osac.html).

Costa Rica is currently rated as a "high" crime threat post. The increasing use of violence during the commission of a street crime is a threat to all visitors. Travelers are urged to exercise caution, as in any large city. Local law enforcement agencies are not up to U.S. standards and have limited capabilities. Jewelry should not be worn on the streets. Large amounts of cash should not be displayed. The downtown area of San Jose should be avoided at night because of the increase of criminal activity that occurs in this area.

Credit card fraud and credit card "number skimming" is a rapidly growing crime. Visitors should avoid using debit cards for point-of-sale purchases, as a skimmed number can be used to clean out an account. Visitors should check their credit card accounts frequently.

Visitors are advised to avoid unofficial moneychangers who may offer better rates but who often trade in counterfeit currency. The present rate of exchange is approximately 513 Costa Rican colones to one dollar. Accommodation exchange is available at a comparable rate at the airport.

Visitors should exercise caution if they will be driving in Costa Rica. The combination of poor road conditions, erratic driving, and pedestrian and animal traffic on the roads make driving very treacherous. Costa Rica has one of the highest accident rates per automobile in the world. The Embassy strongly recommends against driving outside of the San Jose area at night. Vehicles should not be left unattended or packages left visible inside them. Costa Rica is an earthquake zone and periodically experiences significant tremors.

Visitors should be careful not to eat peanuts or products made from peanuts grown in Costa Rica because they may harbor aflatoxin, which is suspected in the causation of liver cancer.

18. Mandatory Personal Security Training: Effective January 1, 2005, all American personnel traveling to post for a TDY of 30 days or more at an overseas location under COM authority must complete appropriate overseas personal security training prior to travel. It is the responsibility of the sponsoring office to verify that this training has been completed as outlined in State cable 66580, dated 25 March 2004.

19. Laptops: Please be advised that State Department regulations prohibit installation or use of privately-owned computers in any State Department building. Visitors must notify the Regional Security Office in advance if they intend to use U.S. Government-owned portable computers in the Chancery.
